

What the "'more than before'" is For

Inspired by the preached word of Apostle H. Daniel Wilson

© 2017 by Deidre L. Dixon

Most assuredly Jesus says to us that we would do greater works.
He said when he would go to the Father in Heaven we would do greater on earth.

God releases his anointing by our decrees and also by His degrees.
You are a king and you've got to decree things into existence; it's not going to happen just by being on your knees.

Whoever says to a mountain, "Be removed, be cast into the sea" and believes these things will come to pass

Because he opened his mouth and believed this thing he said, what he said is what he will have.

As we talk and study about "more than before," we have learned that there is an anointing that is double.

Elisha received a double portion from Elijah, and Job received it after all of his trouble.

Many people look at others who receive double, get jealous and judge them because they received.
Don't judge the harvest that other people have gotten because you have no idea how they sowed their seed.

There is also a 'thousand times' anointing where you can receive one thousand fold from the Lord.
God will honor His promises for one thousand generations as we keep His commandments, according to His word.

We've talked about all of the blessings we can receive and that we can have "more than before."
But, there is more to this thing and you must understand what the "more than before" is for.

The reason God allows us to receive "more than before" is for kingdom advancement.
It is not so you can get all of this stuff you receive and sit pretty with your own enhancement.

God wants us to prosper and in order to get wealth, he has given us the power we need.
We've got to get the mind of Christ and comprehend that to be wealthy is the life that we should lead.

Quit talking about all of the things you come up against and use the power God gave to eliminate your enemies!

You are a king with dominion on earth and God has given you "more than before" in order to eliminate these!

The 'thousand times' anointing that is upon your life is what God promised to generations now and before.

Whatever you do, you must not ever forget what the "more than before" is for!
